

## Information on Pre-Enrollment Japanese Language Explanatory Sessions

Thank you for your request to attend this explanatory session.

The purpose of these sessions is to reduce concerns of children with roots in overseas countries who are scheduled to enter Edogawa City municipal elementary schools. This will be achieved through studies of the Japanese language required upon enrollment at these schools.

This four-session curriculum has been prepared with the focus on areas of the Japanese language that elementary school instructors wish these children to study before attending school. It is requested that parents and children attend these sessions at the schools designated by their home addresses.
