

Notice of Application for Financial Assistance for School-Related Expenses

Since fiscal year 2025, Edogawa City has expanded the range of eligibility for the Financial Assistance for School-related Expenses to reduce the financial burden on parents. Financial Assistance for School-Related Expenses is a system by which Edogawa City subsidizes part of the expenses required for school for families who have financial difficulties in educating their children in public school.

Whether or not to grant financial assistance is determined by reviewing the parent's application and is based on the previous year's income of all household members. If you are an Edogawa City resident who has school-age children (born between April 2, 2011, and April 1, 2020) and wish to apply for this assistance, read this document carefully and submit the application.

1. Eligibility for Financial Assistance

Families residing in Edogawa City with school-age children (born between April 2, 2011, and April 1, 2020), who meet any of the following conditions: (1), (2), or (3).

(1) Currently receiving public assistance

(2) The public assistance was stopped or terminated during the previous or current fiscal year.

(3) Not receiving public assistance, but in a state of financial difficulty almost equivalent to that level as recognized by the Edogawa City Board of Education.

<Rough Guide to Eligible Income>

The table below is only a rough guide. Results will vary depending on family composition, age, and other factors.

The household income standard varies depending on the age of the household members and other conditions.

Even if you inquire about it, we cannot calculate it before we begin reviewing the application.

Example of family composition		Household income in 2025
Two members	Father or mother 38 years old and one child (first grade of junior high school)	2.42 million yen or below
Three members	Father 39 years old, mother 37 years old, and one child (first grade of junior high school)	3.06 million yen or below
Four members	Father 42 years old, mother 38 years old, and two children (first grade of junior high school and fourth grade of elementary school)	3.50 million yen or below
Five members	Father 48 years old, mother 45 years old, and three children (high school student, second grade of junior high school, and fourth grade of elementary school)	3.90 million yen or below

In principle, the application will be reviewed on the basis of the household in the resident registration. However, the following family members will be included in the review.

- For families with a member who lives away from home for work or who lives away from home but is financially dependent on the family, only the student's parents and siblings are subject to the review.
