Living Well Together in Seishin-cho

~A friendly talk to share ideas and solve community issues~

Join us for a community talk event at “Nagomi-no-Ie”, the local exchange center. Let’s share ideas to make Seishin-cho a more comfortable place to live and discuss how to turn them into action. We’ll serve Japanese tea, coffee, and snacks.

We’ll also have a short lecture about dementia, one of the important issue in the community.

On the first floor, there will be fun activities for kids, including a small fair-style event. We hope to see you there!
