- Physical measurement
- Blood pressure measurement
- Blood test
- Urine test
- Consultation
- ECG*2
- Fundoscopy*2

*1 Delivery of the results (preliminary scores) may be delayed due to backlog or congestion.
*2 Provided based on age or the doctor's judgment.

Blood test items
●Lipids (neutral fat, HDL cholesterol, and LDL cholesterol)
●Liver function (AST, ALT, and γ-GT)
●Kidney function (serum creatinine)
●Blood glucose ●HbA1c ●Uric acid
●Blood cells (white blood cells, red blood cells, hemoglobin, and hematocrit)

[Notes] ❶ In addition to informing checkup recipients of the results, etc. of their National Health Insurance health checkup, the results will also be kept by the insurance providers, etc. so that the results may be used for health guidance, future health measures, National Health Insurance services, etc. as necessary. Please understand this before you have a health checkup. The same will also apply to any additional tests you have with this ticket. ❷ The data files for the checkup results may be inspected by the settlement agency. They will also be anonymized and partially submitted to the government as a report on the results of running the checkup program. Please understand this before you have a health checkup. ❸ Illegal use of this ticket may result in imprisonment for fraud under the Penal Code. ❹ Please contact the Health Checkup Subsection immediately if you are no longer qualified to be insured or if anything stated in your documents has changed. ❺ If follow-up examinations are required based on the test results, costs will be covered by insurance. (Fees will apply.) ❻ Depending on the circumstances, we also provide health checkups through home visits. Please contact the Health Checkup Subsection for details. ❼ Those who have undergone a medical checkup this year may receive a notification of next year's national health checkup via text message to their registered contact (limited to smart phones). [Health Checkup Subsection: 03-5662-0623]

This is important information. Please open and check immediately. If the booklet gets wet, please dry thoroughly before opening.

For information about the examination ticket for medical institutions and the checkup period, please contact the Health Checkup Subsection (03-5662-0623).
- Those who have not undergone examination during the checkup period may receive further guidance via postcards, etc.

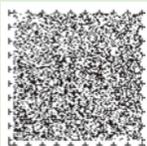

Fee

National Health Insurance health checkups are free

The checkup is free of charge. It would cost about 9,000 yen if you arranged it privately. However, if any follow-up examinations are needed, these will be charged (insured examination and treatment) to you personally.

For outpatients

Outpatients are also eligible to have a National Health Insurance health checkup. Please ask your doctor about whether you need to have a checkup, and have one if at all possible.

The mark on the left is the voice code (Uni-Voice). Information regarding the National Health Insurance Health Checkup is available by audio for the visually impaired.

Specific Health Care Guidance

FREE

For those at high risk of lifestyle-related diseases, a "specific health guidance" will be provided after completing the checkup on the same day. You can receive advice from experts in a 30-minute consultation. Those who are eligible should definitely use this service.

Aggravation Prevention Program

FREE

For those with high blood glucose or high blood pressure, we will provide health consultation and recommendations to medical institutions through visits, by telephone, by letter, etc. Program information will be sent to eligible persons separately. We encourage you to use the service.

For those who undergo health checkups at workplace, etc.

If you do not opt to undergo a National Health Insurance health checkup because you had a health checkup or a general medical examination at your workplace, etc., please provide us with your "health checkup results". First, please contact our Health Checkup Subsection (03-5662-0623). *If you submit your results, you will get a free "Guide to Using Health Checkup Results."

For those who have changed their health insurance

National Health Insurance health checkups are for those who are enrolled in the Edogawa City National Health Insurance program. Persons who are not eligible at the time of medical examination, for example if your health insurance has changed, will not be able to receive the checkup. Please contact the insurance provider you are enrolled with.

Other physical examinations

FREE

Checkups marked with a ★ can be taken at the same time as a National Health Insurance health checkup at the Edogawa Medical Association Examination Center. If interested, please inquire when making an appointment. *Eligible age is your age as of March 31, 2027.

Kenshin Navi Site

Type	Eligibility and Details
Cervical cancer	Women aged 20 and above Those who have not received an examination within the last year Visual examination, cytological diagnosis, pelvic examination

How about focusing a little more on your health in your daily life?

Dental checkup once a year

To enjoy a tasty and healthy life with a smile, please have a family dentist and visit the dental clinic regularly. For more details, please consult a dental clinic near your place.

※ In Edogawa, we provide free adult dental checkups (every 5 years from the age of 20 to 70) and oral care checkups (once a year for those aged 65 and above) for residents of the ward. We encourage those who are eligible to take this service.

Edogawa City website

Thermometer for the mind

You can easily check your own and your family's mental health statement. There are several menus, and at the end of each menu, you will find a place to consult. Please utilize this service.

Thermometer for the mind

Make exercise a habit! Move your body and stay active

Combine a variety of exercises, including stretching, aerobic exercise, and strength training.

A good guideline is to walk for at least 60 minutes every day, do moderately intense exercise that makes you slightly out of breath for 60 minutes a week, and do strength training 2-3 days a week.
