

Notice of Application for Financial Assistance for School-related Expenses

Financial Assistance for School-Related Expenses is a system by which Edogawa City subsidizes part of the expenses required for school for families who have financial difficulties in educating their children in public school. Whether or not to grant financial assistance is determined by reviewing the parent's application and is based on the previous year's income of all household members. Read this notice carefully. **If you would like to apply for the financial assistance, submit the Application for Financial Assistance for School-related Expenses.**

4. Review of the Application

Based on the Application for Financial Assistance for School-related Expenses, the Board of Education will verify and review personal (household) information, such as resident registration, taxes, public assistance, and childrearing allowance received, to the extent necessary, and then decide whether to approve the application. For this reason, if you have not filed a resident tax return or failed to attach the required documents, your application cannot be reviewed. Whether you have income or not, you must file a tax return with the Taxation Division of the City Government Office or a tax office.

(1) Family members subject to the review

In principle, the application will be reviewed on the basis of the household in the resident registration. However, the following family members will be included in the review.

- Parents in a marital relationship are subject to the review, even if they are living apart. Parents who are divorced but still live at the same address are also subject to the review. Enter the name in the application. Contact us if you have special circumstances.
- For families with a member who lives away from home for work or who lives away from home but is dependent on the family, only the student's parents and siblings are subject to the review. Enter the name in the application.
